

Steve Whitby Introduction

<Steve will introduce himself as a part of his program, so you don't need to do an extensive introduction.>

Steve Whitby believes that good stories are worth telling, and that we can all find stories worth telling in our own lives. He has been working with college students and helping build better student organizations for more than 20 years. Most importantly, he's a Phillies baseball fan whose Southern wife and daughters have taught him how to say y'all.

Please welcome Steve Whitby!
